ISSUED: 13-February-2017

VX900C End of Product Sale for EMEA and APAC only

This document outlines the End of Product Sale plan and timelines for the VX900C product line in specific markets outside North America. Under this program, Sonus is announcing the End of Product Sale in Europe, Middle East, Africa and Asia Pacific (including Japan) markets because of low volume of business in these markets. North American Federal customers can continue to buy this product and associated feature modules.

Please contact your Sonus sales representative or Sonus Channel Account Manager for any further queries.
